Investment objective and policy

This fund has a minimum net equity exposure of 75% and invests in UCITS and other UCIs with no geographical, sector or currency restriction. The remaining assets may be invested in bond funds, cash or any other type of transferable security that is listed or traded on regulated markets. The emphasis is on international diversification of investments and flexibility in terms of themes and sectors that may potentially be present within the fund. The reference 'SRI' (Sustainable and Responsible Investment) in the fund's name reflects the fund manager's objective of selecting a majority of target funds with a proven sustainability profile.

Key Features

- The approach implemented combines a diversified equity allocation and a rigorous selection of funds covering both the ESG (Environment, Social and Governance) aspects and the purely financial aspects of the analyzed strategies.

- Equity exposure may vary from a minimum of 75%. The focus is on the broad diversification into stocks of different themes, management styles, sectors, capitalizations and regions.

- SRI analysis of the underlying funds: The objective of this analysis is to understand how SRI investment is considered.
